

# 1861 PORTERVILLE CENTENNIAL 1961 THE FARM TRIBUNE

VOL. XV — NO. 11 PUBLISHED WEEKLY — PORTERVILLE, CALIFORNIA Thurs., August 31, 1961

## WESTERN BARBECUE SEPTEMBER 7

POPLAR, Aug. 31 — Poplar and Woodville chambers of commerce will play host to residents of southeastern Tulare county next Thursday, September 7, when fourth annual Western Barbecue will be served from 6 p.m. until 9 p.m. at the Poplar Recreation center.

Funds raised will be divided between the two communities for use in their youth organizations work, and for improvement of the Woodville Civic hall.

In addition to a fine western meal, prepared by Walt Flagler, Dick Callison, Walt Sommer and Clyde Riddle, persons attending will be given a Porterville Centennial show, with Donald Jones, Porterville's Centennial chairman, setting up this part of the evening's program.

(Continued On Page 10)

## Vandalia 4-H Livestock Shipped By Rail To California State Fair

PORTERVILLE, Aug. 31 — Members of the Vandalia 4-H club turned back the pages of Porterville history, Monday, when they loaded a car of cattle at the Southern Pacific depot — a shipping point for thousands of head during the "good old days".

The Vandalia cattle were 4-H project beef animals, groomed and finished for the show and sales rings of the California State fair, along with several head of fine Holstein dairy animals from the Burton club.

Cattle occupied one car; a second car carried a shipment of sheep, plus 4-H club leaders and club members who were in charge of the shipment.

The pictures tell the story — At top, the cattle car with its

sign, that traveled up the central valleys; a little persuasion is used getting aboard; cattle and sheep ready to go; and accommodations in the boxcar (they never had it that good in the old days) with, from left:

## DOVE CANNONADE STARTS SATURDAY

PORTERVILLE, Aug. 31 — Annual cannonade, with doves as targets, opens Saturday morning, September 2, with birds reported not as plentiful as last year, but with plenty for all sharp-eyed hunters.

Shooting hours are from one-half hour before sunrise to one-half hour after sunset; daily bag and possession limit is 10 birds;

the season will continue through October 1.

Cottontail rabbit season also opens on Saturday, with daily and possession bag limit five rabbits; season in this area runs until January 1.

BOB FOWLER, the first man to make a west-east transcontinental airplane flight - 50 years ago - reverses things and welcomes Porterville's Centennial Princess, Sandi Reisig, during a reception for Fowler in Porterville last Saturday. A Centennial welcome was given the famous flier during a two-hour stop in Porterville, enroute on a commemorative shuttle flight across the nation.

(Edwards Studio photo)

CENTENNIAL DOLLS and Bushfaces joined forces in a Porterville welcome to Bob Fowler, the first man to make a west-east transcontinental flight during ceremonies, Saturday, marking the 50th anniversary of the historic flight.

Fowler is just to the right of the propeller, among a group of Dolls. Parts of Fowler's original airplane were flown to the Smithsonian Institute in a series of commemorative flights, with first leg from Oak-

land to Porterville and second leg from Porterville to Burbank, the latter leg flown by Porterville's Joe Pfeifer and Clare Coe. The commemorative transcontinental relay flight was sponsored by the Silver Wings

association, an organization of pioneer pilots with a minimum of 25 years in aviation; shuttle planes used were at least 30 years old. Other photos of this event elsewhere in this issue. (Farm Tribune photo)

## Editorial Comment

### PRINCIPLES TO LIVE BY

Worth serious consideration, we believe is the set of principles underlying the Farm Bureau organization. We herewith reprint them, not as ideas that only a Farm Bureau member might embrace, but ideas that every American could well adopt as a sort of system for modern living.

#### WE BELIEVE

- ... in the American competitive enterprise system.
- ... that man's search for progress should be encouraged by maintenance of opportunity, not hindered by illusions of security.
- ... that a person should be rewarded in accordance with his productive contribution to society.
- ... that every man is entitled to own property, earn money honestly, save, invest and spend as he chooses.
- ... that property rights cannot be taken away without infringing on rights guaranteed by the constitution.
- ... that the constitution is the basic law of the land, and that its interpretation should be in accordance with the intent of its authors.
- ... that government should operate impartially in the interest of all.
- ... that government's regulatory functions should be based on law.
- ... that government should provide only minimum controls and aids.
- ... that government should stimulate, not discourage, individual initiative.
- ... that propagandizing by government is dangerous to the maintenance of self-government.
- ... that monopoly, whether by government, industry, labor or agriculture, is dangerous.
- ... that voluntary cooperation is a part of the American system.
- ... that all candidates for public office should state their beliefs with respect to communism, socialism and capitalism.

All These Undergirded By Our Religious Faith.

### We Only Heard

BY BILL RODGERS

FIRST OFF, we can report that our interviews with certain chipmunks, squirrels, bluejays and a couple of groundhogs during our recent pack trip into the Sierra were less than satisfactory. When we asked them to verify reports of a wet winter coming up, they merely looked at us like we were ignorant human beings and pointed out that it was already raining, so why ask.

BUT A fitting answer it was, for we were wet or wetter on five of our eight days in the mountains. Thunder storms moved up and down the Kern canyon, and spread throughout the high country; rain poured down; Grasshopper flat looked like a lake; Big Kern river was

roaring through the rocks alongside the trail just outside the drift fence gate at Leggett's camp; Little Kern river was wide and dirty with silt; lightning cracked along the high ridges and peaks; small streams in the Kern watershed were pouring water; trails were often flowing like small rivers.

BUT STORMS in the high Sierra are rugged and spectacular, and if you don't mind being wet, really something to experience. The mountains are green and clean; the morning sky, before the inevitable storm moves in, is clear and deep blue, and, in spite of storms and high water, fishing is good. But those 16-inch Golden trout will just have to keep on growing until we can get at them again next year.

SECOND OFF, they'll do anything in Porterville this Centen-

TAKING A look at Porterville and Tulare county agriculture last Friday was Alfred Ernest Chinbuah, third from left, Principle Secretary Minister of Agriculture, Ghana, Africa, who is shown with Harl Thomason, of the Euclid Citrus association, during a visit to the association's citrus house in the Welcome district. Others in the photo are Tom Berkley, left, of Berkeley, who handled arrangements for the Chinbuah party tour through California, under auspices of the Rockefeller Foundation, and Cecil Berkley, right, of Tulare, who set up the itinerary for Tulare and Kings counties. Chinbuah, who attended the University of California and also U.C.L.A., was welcomed in Porterville by a delegation headed by Sam Miller and Mayor Jack Letsinger; the party also visited the Lindsay Ripe Olive plant, and the ranch of Ed. Atwood, near Strathmore to view an overhead citrus sprinkler system. Chinbuah was on a six-week tour of the United States studying agricultural methods and techniques that might be adapted to his own country. (Farm Tribune photo)

nial year for publicity, including forced landings of antique planes — with us aboard. In our brief career as a private pilot we have made a number of simulated forced landings, but the real thing, Sunday, was a lot different, and we were shore glad an old hand like Clare Coe was at the controls, and not us.

ACTUALLY IT is a bit difficult to get in and out of the small cockpits of old planes — you have to step up, then lean completely across the fuselage, and sort of back in; getting out you reverse the procedure. But when you're sitting upside down in a field, it's easy to get out — just pull the safety belt pin, and there you are, right on your head, running.

WE BELIEVE we are now in

line for the Pulitzer journalism award, since we were the first reporter on the scene of the so-called crash, with camera in hand — in fact we had pictures before the dust settled — then we had to wait four days to go to press, drat it.

BUT AS we say, anything for a headline during this Centennial year, and after all, we've always been told that any land-

(Continued On Page 10)

Early harvesting when the plants are showing heavy bloom or where there is a large number of immature beans can reduce yields as well as produce excessive undersized beans.

If you're interested in back to school specials we haven't any. In fact if you're counting the days until school starts we suggest come Tuesday morning you pour another cup of coffee and relax for the day. If the peace and quiet becomes too much for you then take a look outside at the gardening possibilities.

If the parched look and the general mess overwhelms you, go back in and try another cup of coffee. After this, or maybe even tomorrow, go out again and just look at a small area. Forget all the rest and attack this small plot until it shapes up the way you want. Later move on around and try another small piece until eventually you're not so overwhelmed and you're all set for winter to arrive.

A few vegetables planted in among the flowers are easy to care for and surprisingly good to eat. Broccoli, cabbage and cauliflower are available from plants but lots of seeds will do equally well. Swiss chard, lettuce and carrots look right at home in a flower border along with being edible.

It's also time to prepare for new lawns or to repair old ones. We have the best in seeds and materials for local conditions and will be glad to tell you what it takes and how to do it. Tools and information we provide free - the rest we'll charge - so how can you lose?

SCENE THROUGH the burned out forest north of Willow Meadow, where a July fire cut down some 5,000 acres. During Sierra storms of virtual cloud-burst proportions last week, this burned-over area was eroded to an extreme degree, with runoff water digging great gashes as it roared down the hillside into the Big Kern river. Persons riding into this area now can see exactly what Forest Service men mean when they talk about erosion that often follows serious forest fires. (Farm Tribune photo)

## News Of The SPRINGVILLE COMMUNITY

By WINNIE GAGE

August 24

Mr. and Mrs. Will Radeleff and daughter, Virginia, were weekend visitors in Granada Hills with his sister and brother-in-law, Mr. and Mrs. Henry Henriksen, called on two more sisters, Mrs. Ann Zeigler and Mrs. Dorothy Shobe in Santa Susanne. Virginia visited in Los Angeles with a friend, Miss Jerri Richy.

Guests last Tuesday of Mr. and Mrs. Albert Harris were Mr. and Mrs. J. Calagno and daughter, Miss Donna Webb of San Mateo.

Mrs. Gary Ruby of La Puente, Mrs. Ethel Ruby of Arcadia, and Miss Sheryl Fontes of Madera

were guests last week of Mr. and Mrs. Charles Ruby.

Mrs. Lucy Shaw resigned as Tulare county branch librarian at Springville. The position will be filled by Mrs. May McDonald.

Mrs. Ruth Matranga was a weekend guest of her daughter, Mrs. Francis Griffith and daughter, Marcia, in Bakersfield.

Mr. and Mrs. George Haigh have returned from a trip in nine different counties; a few days with an aunt, Maggie Haigh, in Coulterville and other relatives in Sonora, Merced and Stockton, then in Tehachapi with his brother Delmer Haigh and family.

(Continued On Page 4)

## KATHY REECE ENGAGEMENT ANNOUNCED

PORTERVILLE, Aug. 31 — Mr. and Mrs. William H. Reece announce the engagement of their daughter, Cathy, to Bill Lewis, son of Mr. and Mrs. Willard Lewis, Tuscalooga, Alabama.

Miss Reece attended St. Anne's, Porterville college, completing her studies in June of 1961. In High School she was a member of G.A.A., Library, Latin and

Girls' League organizations. She was student director of the 1959 senior play and senior princess of the Porterville Rodeo the same year. She was vice president of the sophomore class in college, 1961 Sports Queen and an editor of the year book.

Majoring in business administration, she is now employed as a secretary for a contracting firm in Honolulu, Hawaii, where she now resides.

Lewis graduated from Tuscaloosa High school where he won letters in both football and baseball. At present he is stationed at Pearl Harbor, assigned to the USS Rinshaw as quartermaster.

## Drainage Project On Lewis Creek

LINDSAY, Aug. 31 — A \$52,-819 drainage project will start early in September in the Lewis Creek area of the El Mirador Soil Conservation district, with \$15,-582 granted by the USDA Soil Conservation service and \$18,725 by the Agricultural Stabilization and Conservation agency. Primary purpose of the project is to control a high water table that is detrimental to citrus plantings in the area.

## SPRINGVILLE

(Continued From Page 3)

ily, and three nieces, Monday, in Oildale with a cousin, Mr. and Mrs. Ingal Williams and daughters, also with Dick Hubbs (former Springville resident) visited Tuesday in Delano with Mrs. Augusta Haigh and daughter, Mrs. Etta Gonzales and family.

Miss Frances Earline Moore, and Winfred D. Reed were married Saturday evening in the Community Methodist Church. The double ring ceremony was performed by Rev. L. C. Carman, pastor of the Southern Baptist Church in Porterville.

The bride's gown was of nylon dotted swiss over white satin. The fitted bodice featured long pointed sleeves and a scalloped neckline with appliques. The skirt hemline was scalloped, the illusion veil was held by a lace Juliet cap. She carried a flower-covered white Bible.

Patricia Berryhill of Santa Maria was maid of honor, bridesmaids were Lucy Ball of Riverside, Peggy Gibson and Della Anderson.

Gordon Blauert was best man and Andrew Moore (brother of the bride) was groomsman.

The altar was decorated with orchid and white asters and gladioli by Mrs. Dorothy Dye.

A reception in the church social hall followed the wedding. Mrs. Cora Norris was in charge; Mrs. Fern Anderson (aunt of the bride) of Visalia, cut and served the cake; Marlin and Karen Furnas of Visalia served the punch; Nadena Revis of Porterville was in charge of the guest book.

The bride, daughter of Mr. and

Mrs. Henry E. Moore, graduated from Porterville high school in 1958 and attended the California Baptist College in Riverside before graduating from Porterville College in June.

The groom is a son of Mr. and Mrs. John Reed of Ada, Okla. He graduated from high school in 1953 and attended LeTourneau College in Texas before becoming a ministerial student at Riverside, where they will live and continue their studies.

Word was received of the death of the groom's father a few hours before the wedding.

### August 31

Guests of Mr. and Mrs. E. E. Eames on the "Triple E Ranch" were their daughter and son-in-law, Mr. and Mrs. Ben McCann and children of Los Angeles and a friend, Larry Jones, of Santa Monica. Larry had the misfortune to fall from a treehouse and received a brain concussion, both arms were broken, most of the bones in one hand were broken. He is in the Sierra View hospital in Porterville. His father, grandmother, sister and brother of Santa Monica visited him Sunday.

Mr. and Mrs. Hugh Quillen and daughter Susan have returned home from a week's visit with their son, Paul and family, in Norwalk, and with their daughter and son-in-law, Mr. and Mrs. Rod Baxter and daughter in Ridgecrest.

The Springville Hobby Club met last Friday afternoon in the home of Mrs. Winnie Gage. Refreshments of fresh peach cobbler, ice cream and iced tea was served to the guests as they ar-

### NATURE'S HEAVY ARTILLERY ROUTES MARINE CONTINGENT

The radio announcer said, "This is station XXX on the high desert where it is pleasantly warm and comfortable." It was pleasantly warm and comfortable for horny toads and sidewinders, but for the Marine reserv-

ived. After a short business meeting led by President Lucile Higgins, Secretary Florence Fitzpatrick read the minutes of the last meeting and plans were completed for the second Hobby Show and Sale to be held at the "Way-side Hobby Center" over the Labor Day weekend, September 2nd, 3rd, and 4th, from 2 to 8 p.m. Several new exhibits are planned this year. Anyone with a hobby is invited to exhibit and everyone is invited to attend; it is free. Exhibits will include antiques, wood carving, weaving, photography, bead work, driftwood and dried weed arrangements, redwood novelties, collections of dolls, pictures, buttons and fancy and odd bottles.

Mrs. Gage showed some new hand-woven rugs and demonstrated the wool spinning on a home spinner. Others attending were Mrs. Mary Lunsford, of Porterville, Goldie Haggard, Bes-sie Ruby, Ethel Rush, Nell Southworth, Ann Baird, Esther Slusher, Carmah Hodges, Rose Van Ness, Miss Alice Smith of Porterville, and Miss Jeannette Higgins.

The September meeting will be held in the home of Mrs. Carmah Hodges.

(continued next week)

ists from Tulare and Kings counties it was another thing.

The Marine Corps base located at Twenty-nine Palms, California is said to be the largest Marine base in the world. It might also be said that it is the hottest, sandiest, dirtiest and most treacherous. It lies amid the grim, brown Bullion mountains and is inhabited by sidewinder rattlers, scorpions, a few forlorn birds, and Marines. When the 6th Anti-Tank Company from Tulare arrived on the scene two weeks ago, Mother Nature decided to give the visitors a taste of all the extremes that she provides in that area.

Our first week at the base started with a thunder and lightning storm in the early morning hours of the first Tuesday. The fireworks display was followed by large drops of rain that chased us from camp site and sent us on a 2:00 a.m. hunt for high ground. High ground became very important to many before our stay was over.

The remainder of the week was spent in temperature that ranged from 90 to 120 in the daytime. The hardy sons of the San Joaquin were right at home.

The second week of training started with the company moving out on a problem that was to last most of our last week. We were to support the infantry in an offensive against aggressors who had captured the area earlier in the week. (Why anyone would want to capture the Mojave desert we will never know.)

The Ontos moved out ahead of the rest of the company, and in true combat style, we lost contact with them and they were swallowed up in the vast brush

and rolling sand. On Wednesday innocent clouds began obstructing the sun. By noon of that day they no longer looked innocent, but were grey and threatening. (Continued On Page-10)

### Health Clinics For Migratory Agriculture Workers

VISALIA, Aug. 31 - The Tulare county board of supervisors has approved a contract with the state department of public health to provide health clinics for seasonal agricultural and migratory workers and their families in Tulare county.

The contract calls for preventive medical clinics in areas having the greatest number of such workers and at hours most convenient to them. Clinics will include care of pregnant mothers, well baby care, child health conferences and immunizations.

Since many parents and children who attend such clinics are found to have other illnesses, special arrangements will be made to screen sick persons and refer them to an appropriate physician or hospital. Treatment will not be given at the clinics.

Present plans call for year-around clinics during the evening hours at the Woodville Labor camp and Visalia Health center. Others will operate for five months out of the year at Earlimart and the Cutler-Orosi Health center. A well baby and immunization clinic during daytime hours is anticipated at Seville. There will be no change in the schedule of the regular daytime clinics of the health department that are held throughout the county.

The State will finance the program, \$5,000 having been allowed for Tulare county. This will cover one year and it is expected the first clinic will get underway this month. Only seasonal agricultural and migratory workers will be eligible.

As the clinics go into operation, publicity will be given in the area announcing the location and schedule.

## FISHIN'

By  
Slim  
Washburn

Prospects for the Labor Day weekend are for very good fishing in the planted areas of the Tule river watershed. Almost daily rains in the mountains, and much cooler weather, have raised and cooled the streams. All remaining fish in the Moorehouse hatchery will be planted this week, and heavily planted areas around Camp Wishon, Camp Nelson, Cedar Slope, Peppermint creek and the Moorehouse hatchery will be well filled with trout. Fishing for native trout much better also due to the cooler water.

## CHAPEL CHIMES

By  
Rev. N. J. Thompson

Who is the forgotten man? Father!

He has somehow lost his rightful place as head of the home. How this came about is difficult to say. Perhaps Father just got tired of saying, "Yes, dear." Now, instead of being top man on

Little Kern and tributaries, reached from Quaking Aspen, have had hard rains and are good. Big Kern is very good. Coyote lake, good. All streams in the high country, reached from Balch park, much improved. Blossom; Hidden and Evelyn Lakes, good.

the family totem pole, he is merely the "bread winner."

This is not God's plan. God made Eve from Adam's rib, not from his head or feet. Thus Eve's place is neither above nor below Adam, but beside him, his partner and helpmate.

The strength of the nation lies in sturdy homes. With four million American families destroyed by divorce in the last ten years, how can we claim to have a strong nation? From the ten million children involved in these broken homes come our army of juvenile delinquents, because every child needs not only the mother's tender care, but the strength and authority of a good father.

When I was growing up, Father was head of the family. We respected him and bowed to his authority. It was Father who took us to church on Sunday morning. It was Father who took us for a walk through the park, to watch the swans, smell the roses, and listen to the brass

band. His hand was heavy (but loving) when he punished us. But we ran to meet him when he came home from work.

The greatest tribute paid to any father was paid to me recently by my 15-year-old son Buddy. Someone in the family asked a religious question. Buddy said, proudly, "Ask my dad. He knows more about God than all of us put together."

With such a fine son, how can a man help being a good father?

-GUESS THERE'S NOTHIN' WRONG WITH MY EYES AFTER ALL-DOC-WHEN I CAN SPOT A GOOD DEAL LIKE THAT!!

## LABOR DAY — STATISTICS, SCHOOL, FINAL FLING AT VACATIONING

AFTER ABOUT 364 days, Labor Day is once again upon us. Labor Day is a very interesting proposition, because it means all things to all people. Presumably, some thinker originally sat down and thought how fine it would be to have a "Day" to call attention to the fact that citizens labored. This hardly falls in the category of news, because everybody labors, more or less, and if government paternalism continues, it will be less yet. But that's another story.

TO THE NATIONAL SAFETY Council. Labor Day is a ghoul-ish statistical delight. Apparently, the members sit 'round and about and sip witch's brew while they concoct statistics on the possible fatalities to be expected over the long weekend. Unfortunately, these Cassandras are rarely heeded.

TO THE LEFT-OVER vacationer, Labor Day is the last opportunity to make up lost vacation time before fall chills the atmosphere. There will be citizens from the north, equipped with boats, trailers and camping equipment racing south for a last fling. Their counterparts from the south will, of course, be dashing north with the same purpose in mind. If both elements would just stay put, it would probably save a lot of wear and tear.

TO THE TEEN-AGER and the sub-teen-ager, Labor Day is the day before school opens hereabouts, which makes it very important indeed. In addition, it insures a four day school week the first week, which is possibly its most important function. We have been conducting an on the spot galloping poll among the younger generation and have come up with very unoriginal answers, which makes our poll and Gallups much the same.

TO OUR QUESTION: "Do you like school?", we got a 100% "No" response. In act, some of the "No's" were embroidered with side remarks for emphasis. "Are you looking forward to the opening of school?", got the same uniform "no" reaction. When we ventured the query, "Don't you know these are the best years of your life?", one teen-ager answered, "You adults don't know what problems is." This character may not like school, but he could surely do with a refresher in grammar.

SO, IT'S GOOD-BYE summer. Labor day puts the punctuation mark on it, even if it doesn't correspond to the calendar. Sev-

eral thousand youngsters 'round and about can write the end to baseball, swimming, trips, and just plain doing nothing, and can greet their teachers with clear eyes and stubborn minds.

ONE THING ABOUT SCHOOL. No student need ever say, "What is there to do?" School is a sure cure for the boredom of inactivity.

## ANOTHER DRUG FACT

Americans spend an average of only one-tenth of 1% more of their income for drugs today than they did 20 years ago. Yet you get many times the value, because of added protection and faster results. Bring your prescriptions to us for precise compounding, prompt service—and the fairest prices in town.

SU 4-4911

A CENTENNIAL welcome was accorded Saturday to Bob Fowler, of San Jose, the first man to fly west to east across the continent in 1911, when Porterville's Centennial Dolls and Bushfaces joined in with a 50-year commemoration of Fowler's flight that featured a shuttle flight of parts of Fowler's first plane from Oakland to the Smithsonian Institute. Under auspices of the Silver Wings association, an organization of 25-year or more pilots, using planes at least 30 years old, the flight moved, leg-by-leg, across the nation, with first leg flown from Oakland to Porterville; second leg from Porterville to Burbank. The Fowlers were honored in Porterville with a Centennial parade and luncheon on Saturday, then at a banquet, attended by aviation notables in Burbank that night, with Col. Bob Natzke, Bill Rodgers, Joe Pfeifer and Clare Coe representing Porterville. Photos, left, top to bottom show: Cecil Reid, Silver Wing member of San Jose, with Carl Bigelow, Oakland Tribune photographer in front cockpit, landing at Porterville on first leg of flight, and second official plane flown by Bob Reid, with Mrs. Bigelow as passenger. Southern California group that met the official planes in Porterville included Vince Barnett, a Silver Winger and motion picture and TV comedian; Mark Campbell, Lockheed official and president of the California Silver Wings; John Innes, Silver Wing official who flew

the San Diego-Phoenix leg of the commemorative flight; and Bob Brooks, of the Los Angeles Mirror. Bob Fowler, honored guest, riding through Porterville in Ed. Jones Speedwell, with Mrs. Bill Rodgers on left and Centennial Princess Sandi Reisig on right. Joe Pfeifer's antique Fairchild, with Col. Natzke aboard, in flight between Porterville and Burbank. Supreme Bushface Carroll Simmons with Mrs. Fowler, Burr Winslow, of San Jose, veteran air mail pilot, and Fowler. Visitors parading Porterville on the Centennial fire engine. Fowler receiving two old photos of his original landing in 1911 in Arizona from Bill Rodgers, who MCed a luncheon at Smokey's; the pictures were provided by Mrs. Tom Ferguson, of Porterville, who witnessed the landing. Joe Pfeifer, who arranged for the commemorative flight to stop in Porterville and who

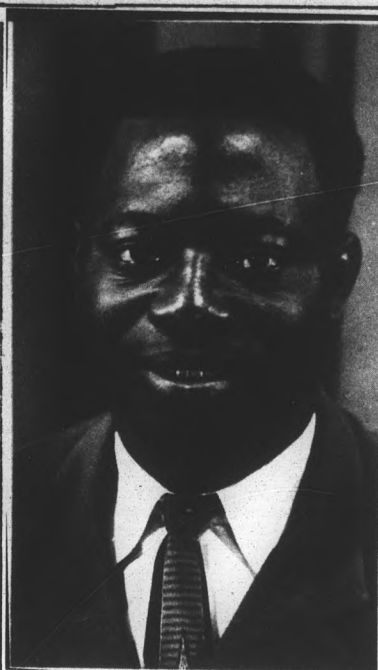

provided two of his antique planes for the Porterville-Burbank hop, receives a plaque at Burbank from the vice mayor of Burbank, Charles E. Compton, in appreciation for his part in the Fowler Commemorative flight, along with Clare Coe, new Porterville airport manager, who flew Pfeifer's second plane. Just short of the Porterville airport runway on the return trip is Pfeifer's antique Davis plane after a forced landing; Coe and Rodgers, who were in the plane, were not injured. (Farm Tribune and Edwards Studio photos)

#### GAME PRESERVE IS INDICATED

WASHINGTON, D. C., Aug. 31 — A 325,000 acre area in the Monache-Walker Pass country of Tulare, Kern and Inyo counties is probably to be established as a cooperative federal-state land and wildlife management area, according to Congressman Harlan Hagen.

## TAKE A GANDER...

(If you don't like the Swan) as many new and different Ceramic Figures are now in at ...

#### RODNEY HOMER IS VICE PRESIDENT

PORTERVILLE, Aug. 31 — Rodney Homer, new agriculture instructor at Porterville high school, was elected vice president of the Tulare-Kings County section of the California Agriculture Teachers' association at a meeting in McFarland last week. Also attending from Porterville were Darwin Gubler and Ray Kennedy.

#### COLLEGE

or

## LEGAL NOTICE

## ORDINANCE NO. 789

AN ORDINANCE ADDING CHAPTER 4 TO PART IV OF THE ORDINANCE CODE OF TULARE COUNTY, SETTING FORTH THE POWERS AND DUTIES OF THE POUNDMASTER, PROVIDING FOR LICENSING OF DOGS, PROHIBITING UNLICENSED DOGS FROM RUNNING AT LARGE, AUTHORIZING THE IMPOUNDING OF DOGS, PROVIDING FOR THE CONTROL OF RABIES, IMPOSING PENALTIES FOR VIOLATIONS THEREOF, AND REPEALING CONFLICTING ORDINANCES.

THE BOARD OF SUPERVISORS OF THE COUNTY OF TULARE DO ORDAIN AS FOLLOWS:

Section 1. The Ordinance Code of Tulare County is hereby amended by adding Chapter 4 to Part IV of said Code, to read as follows:

Chapter 4. Control of Animals  
Article 1. General Provisions

SECTION 4400. DEFINITIONS:  
(a) The term "owner", as used in this Chapter, means any person, firm or corporation owning, harboring, having an interest in, or having control, custody or possession of an animal.

(b) The term "at large", as used in this Chapter, means an animal off the premises of its owner and not under restraint by leash, or not under the control and in the immediate presence of the owner.

Article 2. Poundmaster and County Pound

SECTION 4410. POUNDMASTER: The office of Poundmaster is hereby established. The Poundmaster shall be appointed by the Board of Supervisors and may be either a person, firm, association or corporation. The Poundmaster shall serve for such period of time and shall receive such compensation as shall be established by the Board of Supervisors by ordinance or by contract. If an association or corporation is appointed as Poundmaster, each officer and employee authorized by such association or corporation to perform duties under this Chapter shall be deemed to be a Poundmaster and shall have all of the rights and duties of the Poundmaster which are set forth in this Chapter.

SECTION 4411. SAME: RECORDS: The Poundmaster shall keep a record of every animal impounded pursuant to this Chapter which shall include a description of the animal, the date of receipt, the date and manner of disposal, the name of the person redeeming or purchasing, and the fees, charges and proceeds of sales received on account of said animal, and such additional records as may be required by the Board of Supervisors from time to time.

SECTION 4412. POUND: There shall be provided by the Board of Supervisors, or by the Poundmaster upon such terms and conditions as may be mutually agreed upon by the Poundmaster and the Board of Supervisors, a suitable building or enclosure to keep and safely hold all animals to be impounded and said building or enclosure shall be known and designated as the "Tulare County Pound". If the pound is provided by the Poundmaster, nothing in this section shall be construed as preventing said pound from being used as a pound for any city in the County, if the Poundmaster and the city so desire; provided, however, that the County shall not be responsible for any of the costs involved in the use of said pound by a city and the provisions of this Chapter are not applicable to animals which are impounded by the Poundmaster for a city.

SECTION 4413. IMPOUNDING ANIMALS: The Poundmaster shall take up, impound and safely keep any animal which is found running at large in the unincorporated territory of the County contrary to the provisions of this Chapter. The Poundmaster shall provide every animal which has been impounded with proper and adequate food and water.

SECTION 4414. RIGHT TO ENTER PREMISES: The Poundmaster is authorized to enter upon any premises for the purpose of enforcing the provisions of this Chapter.

SECTION 4415. INTERFERENCE WITH DUTIES: It shall be unlawful for any person to interfere with the Poundmaster in the performance of his official duties.

Article 3. Dogs  
SECTION 4430. LICENSE: Every owner of a dog within the unincorporated area of the County shall secure a license from the County Clerk for each such dog which is over four (4) months of age. It shall be unlawful for any owner to fail to secure said license in accordance with the provisions of this Article.

SECTION 4431. LICENSE: EXCEPTIONS:

(a) A license need not be secured for a dog which is owned by or in the care or charge of a nonresident of the County who is traveling through the County or who is temporarily sojourning in the County for a period not to exceed thirty (30) days.

(b) A license need not be secured for a dog which is brought into the County for the sole purpose of being entered in a bench show or dog exhibition, provided that such dog is entered in such show or exhibition and is removed from the County within thirty (30) days after the date on which the dog was brought into the County.

(c) A license need not be secured for a dog which has been issued a valid license by any incorporated city in the County.

SECTION 4432. ISSUANCE OF LICENSE AND TAG: Application for a license required by this Article shall be filed with the County Clerk on a form prescribed by the County Clerk. Upon payment of the required fee and upon compliance with the other requirements of this Article, the County Clerk shall issue a dog license. Either the application or the license shall contain a brief description of the dog including the age, sex, color and breed of the dog, and the name and address of the owner. The license shall contain a serial number, the expiration date of the license and such other information as the County Clerk may determine. The County Clerk shall keep a copy

## LEGAL NOTICE

of the application and license on file in his office and the application and license shall be open to public inspection. With each license issued, the County Clerk shall also issue a tag made of some durable material. Said tag shall bear the words "Tulare County", the serial number on the dog license, the date of expiration of the license, and such other information as the County Clerk may determine.

SECTION 4433. LICENSES: ORIGINAL LICENSE: An owner of a dog shall secure a license for his dog within five (5) days after he acquires ownership of the dog.

SECTION 4434. VACCINATION CERTIFICATE REQUIRED: The County Clerk shall not issue a license for a dog unless the owner of the dog files with him a certificate signed by a veterinarian showing that said dog has been vaccinated against rabies which indicates that the period of time elapsing from the date of the vaccination to the date of expiration of the license does not exceed thirty (30) months in the case of vaccination with chick-embryo rabies vaccine or eighteen (18) months in the case of vaccination with nerve-tissue rabies vaccine.

SECTION 4435. LICENSE FEES: The annual license fee for each dog shall be One Dollar (\$1.00). The full amount of such license fee shall be paid for any fraction of a year. Whenever a tag issued for the then current year has been stolen or lost, the owner of the dog for which the tag was issued may, upon the payment of a fee of Twenty-five Cents (\$0.25) to the County Clerk and upon making and subscribing to an affidavit of such loss and filing the same with the County Clerk, receive a duplicate tag for the remaining portion of the then current year.

SECTION 4436. TERM OF LICENSE: Dog licenses and tags shall be issued on a county fiscal year basis, commencing on July 1st and terminating on the next June 30th. When a license has expired, a new license shall be secured prior to the 1st day of September next following. After September 1st of each year the County Clerk shall collect a delinquent penalty of One Dollar (\$1.00) in addition to the regular license fee, before issuing a renewal license.

SECTION 4437. SPECIAL PROVISIONS FOR THE 1961-1962 LICENSE YEAR: For the 1961-1962 license year, a license issued by the Tulare County Health Officer pursuant to the provisions of Ordinance No. 541, as amended, prior to the effective date of this Article, shall be deemed to comply with the license requirements of this Article in every way. A person who has secured such a license from the Health Officer shall not be required to secure a new license from the County Clerk for such dog until July 1, 1962.

SECTION 4438. LICENSE TRANSFERABLE: The license and tag issued by the County Clerk may be transferred when the ownership of the dog is transferred. The new owner or the previous owner of the dog shall notify the County Clerk in writing of the change in ownership of the dog and the name and address of the new owner. If such written notice is not given to the County Clerk, the Poundmaster shall send all required notices concerning said dog to the person whose name and address are on file with the County Clerk.

SECTION 4439. AFFIXING DOG TAG: The owner of the dog shall securely affix the tag issued by the County Clerk to a collar, harness, or other device which shall be worn by the dog at all times except when the dog is inside a house or in an enclosed yard or pen. It shall be unlawful for any person to affix said tag to any dog except the dog for which it was issued, and it shall be unlawful for the owner of a dog to allow the dog to wear a tag other than the tag issued for the current fiscal year.

SECTION 4440. IMPOUNDING DOGS WITHOUT TAGS: The Poundmaster, and any peace officer, shall take up every dog which is not wearing the required tag and which is found running at large in the unincorporated area of the County of Tulare. When such a dog is taken up by a peace officer, he shall deliver the dog to the Poundmaster. All such dogs shall be impounded in the Tulare County Pound.

SECTION 4441. NOTICE TO OWNER OF LICENSED DOG: Within three (3) days after a dog which is wearing a license tag is impounded, the Poundmaster shall mail a notice of the impounding to the owner of the dog at the address shown on the application for the license which is on file in the office of the County Clerk, and advise the owner of the procedure whereby he may regain custody of the dog.

SECTION 4442. REDEMPTION OF IMPOUNDED DOGS: The owner of any impounded dog may redeem the dog at any time prior to its sale or destruction. A person desiring to redeem a dog shall deliver to the Poundmaster a statement in a form prescribed by the Poundmaster which shall contain a description of the dog to be redeemed, the name and address of the claimant, and the statement that he is the owner of the dog. The Poundmaster shall issue to such person a written statement containing the name and address of the claimant, a description of the dog redeemed, the date on which the dog was impounded, and the accrued fees in accordance with section 4443 of this Article, and said statement shall serve as a certificate of redemption for the fees paid.

SECTION 4443. FEES FOR IMPOUNDING AND KEEPING DOGS: The owner of a dog which has been impounded shall pay to the Poundmaster an impounding fee of Three and No/100 Dollars (\$3.00) and shall also pay a fee for keeping said dog in the amount of Fifty Cents (\$.50) for each day, or portion thereof, that said dog has been impounded.

SECTION 4444. SALE AND DESTRUCTION OF IMPOUNDED DOGS WEARING TAGS: Unless a dog wearing a license tag has been redeemed

## LEGAL NOTICE

within six (6) days after being impounded, it may be sold by the Poundmaster to the person offering to pay the highest cash amount therefor. If any impounded dog which is wearing a license tag has not been redeemed within said six (6) day period, it may be killed by the Poundmaster in a humane manner. If the owner of a dog gives permission in writing to do so, the dog may be sold or destroyed at any time after it is delivered to the pound.

SECTION 4445. SALE AND DESTRUCTION OF IMPOUNDED DOGS NOT WEARING TAGS: Unless a dog which is not wearing a license tag has been redeemed within three (3) days after being impounded, it may be sold by the Poundmaster to the person offering to pay the highest cash amount therefor. If any impounded dog which is not wearing a license tag has not been redeemed within said three (3) day period, it may be killed by the Poundmaster in a humane manner. If the owner of a dog gives permission in writing to do so, the dog may be sold or destroyed at any time after it is delivered to the pound.

SECTION 4446. SALE OF IMPOUNDED DOGS: RECEIPTS: When a dog is sold by the Poundmaster pursuant to the provisions of this Article, the Poundmaster shall deliver to the purchaser of said dog a statement in writing containing a description of the dog, the date of sale, and the amount of the purchase price. All sales shall convey a good and valid title to the purchaser, and the previous owner of the dog shall thereafter be barred from all right to recover said dog.

SECTION 4447. LICENSING IMPOUNDED DOGS: The Poundmaster shall not release an unlicensed dog to its owner or sell an unlicensed dog to any person who resides in the unincorporated area of the County unless the owner or purchaser, respectively, signs an agreement that he will secure the required license within five (5) days after he is given possession of the dog and that if he fails to secure said license within said five (5) day period, he will return said dog to the Poundmaster.

SECTION 4448. REMOVAL OF TAG: It shall be unlawful for any person to remove from a dog, without authority from the owner, any collar, harness, or other device to which is attached a license tag for the current year, or to remove such tag therefrom.

SECTION 4449. DISPLAY OF TAG: It shall be unlawful for any person to refuse to show to the Poundmaster or any peace officer, on request, the license certificate and the tag for any dog kept or remaining within his home or upon any enclosed premises under his immediate control.

SECTION 4450. PERMITTING DOGS TO RUN AT LARGE DURING THE NIGHT: It shall be unlawful for the owner of a dog to allow or permit such dog to roam or leave the premises of the owner, or to go free or run at large within the unincorporated area of the County, during the hours between sunset of any day and sunrise the next morning. Every dog found running at large in violation of the provisions of this section shall be seized and impounded.

SECTION 4451. VICIOUS DOGS: It shall be unlawful for the owner of a vicious dog to permit said dog to run at large. Any dog which habitually attacks other dogs or animals or which has once bitten or otherwise physically attacked, without reasonable provocation, a human being shall be conclusively presumed to be vicious. Every dog found running at large in violation of the provisions of this section shall be seized and impounded.

SECTION 4452. INTERFERENCE WITH HIGHWAYS: It shall be unlawful for the owner to allow or permit a dog to run at large which habitually attacks pedestrians, vehicles or other users of the public highways. Every dog found running at large in violation of the provisions of this section shall be seized and impounded.

Article 4. Rabies Control  
SECTION 4470. VACCINATION REQUIRED: It shall be unlawful for the owner of a dog which is over four (4) months of age to allow or permit such dog to go free and run at large anywhere within the unincorporated area of the County unless such dog has been vaccinated with nerve-tissue rabies vaccine within a period of eighteen (18) months prior thereto, or has been vaccinated with chick-embryo rabies vaccine within a period of thirty (30) months prior thereto. Said vaccinations shall be performed only by veterinarians. The County Health Officer shall furnish vaccination forms for the use of veterinarians.

SECTION 4471. ANIMAL SHOWING SIGNS OF RABIES: Whenever the owner of an animal observes or learns that such animal shows symptoms of rabies or acts in a manner which would lead to a reasonable suspicion that it may have rabies, such person shall immediately notify the County Health Officer. Said person shall thereafter allow the Health Officer or his representative to make an inspection or examination of said animal.

SECTION 4472. ISOLATION OF RABID ANIMALS AND CLINICALLY SUSPECTED RABID ANIMALS: The owner of any rabid animal or clinically suspected rabid animal shall isolate the animal in strict confinement under proper care and under the observation of a veterinarian, in a pound, veterinary hospital, or other adequate facility in a manner approved by the Health Officer, and said animal shall not be killed or released from confinement for at least fourteen (14) days after the onset of symptoms suggestive of rabies and until the Health Officer gives written authorization for the release of the animal.

SECTION 4473. ANIMALS BITING PERSONS: Whenever the owner of an animal has knowledge that such animal has bitten any person, the owner shall immediately report that fact to the County Health Officer and

## LEGAL NOTICE

report the name and address of the person bitten and the time and place that such person was bitten. Upon order of the County Health Officer, the owner shall quarantine the animal for a period of at least fourteen (14) days after the day of infliction of the bite, and shall allow the Health Officer or his representative to make inspections and examinations of the animal from time to time during such period. The County Health Officer shall quarantine said animal either upon the premises of the owner or at the County pound. If the owner of the animal so desires, the County Health Officer shall place the animal in quarantine in a veterinary hospital, at the expense of the owner, in lieu of quarantine of the animal on the premises of the owner or at the County pound. Quarantine shall be made by written notice delivered to the owner of said animal stating that the animal is quarantined and the instructions to be followed. If the quarantine is upon the premises of the owner of the animal, the animal shall be confined within a locked enclosure so constructed that the animal cannot escape or have contact with any other animal or human being other than the person responsible for its care or, at the discretion of the Health Officer, the animal may be kept under restraint by leash in charge of a responsible person, or under such other restrictions as the Health Officer may prescribe. Said animal shall be kept in quarantine until the Health Officer gives written authorization for the release of the animal from quarantine.

SECTION 4474. ANIMALS IN CONTACT WITH RABID ANIMALS: Any animal of a species subject to rabies which has been bitten by a known rabid or suspected rabid animal or has been in intimate contact with a rabid or suspected rabid animal shall be quarantined by the owner in a place and manner approved by the Health Officer, for a period of six (6) months or destroyed; provided, however, that the following alternatives are permitted in the case of dogs and cats:

(a) If the dog or cat has not been vaccinated against rabies within a period of two (2) years with chick-embryo rabies vaccine, or within one (1) year with nerve-tissue rabies vaccine, the dog or cat may be administered antirabies hyperimmune serum, and rabies vaccine in a manner prescribed by the State Department of Public Health and quarantined in a place approved by the County Health Officer for a period of ninety (90) days.

(b) If the dog or cat has been vaccinated against rabies within two (2) years but not less than thirty (30) days with chick-embryo rabies vaccine or within one (1) year but not less than thirty (30) days with nerve-tissue rabies vaccine, the dog or cat may be re-vaccinated in a manner prescribed by the State Department of Public Health and quarantined in a place and manner approved by the County Health Officer for a period of thirty (30) days.

The provisions of section 4473 of this Article concerning quarantine shall also apply to the quarantine of animals pursuant to this section.

SECTION 4475. VIOLATION OF QUARANTINE: When any animal is quarantined by the County Health Officer, it shall be unlawful for the owner of the animal to violate the quarantine by removing said animal from the premises where it is quarantined, allowing it to run at large, destroying it without authorization from the Health Officer, concealing it from the Health Officer, or disobeying any of the quarantine restrictions which have been imposed by the Health Officer.

Section 2. Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment.

Section 3. The General Provisions of the Ordinance Code of Tulare County, consisting of section 101 through section 114, inclusive, are hereby adopted by reference and made applicable to the provisions of this Ordinance.

Section 4. Tulare County Ordinances Nos. 188, 541 and 758, and all amendments to said Ordinances, are hereby repealed.

Section 5. Section 102 of the Ordinance Code of Tulare County is hereby amended to read as follows:

SECTION 102. ORDINANCES CODIFIED: EXCEPTIONS: All existing ordinances of the County of Tulare are hereby codified in this Ordinance Code, except those ordinances and all amendments thereto which are described as follows:

(a) All ordinances calling elections.

(b) All ordinances granting franchises.

(c) Ordinance No. 350 and all amendments thereto only insofar as said Ordinance and amendments to said Ordinance adopt or amend parts of the Precise Plan of Streets and Highways.

(d) Ordinance No. 382 and all amendments thereto only insofar as said Ordinance and amendments to said Ordinance adopt or amend parts of the Supplemental Zoning Map.

(e) Ordinance No. 498 and all amendments thereto only insofar as said Ordinance and amendments to said Ordinance adopt or amend parts of the Precise Plan of Street Names and Numbers and House Numbers.

(f) Ordinance No. 619 and all amendments thereto only insofar as said Ordinance and amendments to said Ordinance adopt or amend parts of the Airport Zoning Map.

(g) Ordinances Nos. 56, 201, 352, 361, 461, 465, 500, 511 and all amendments to said Ordinances.

(h) Sections 8, 9, 10, 11, 12(b) and 15(c) of Ordinance No. 588 and all amendments to said sections

## LEGAL NOTICE

of Ordinance No. 588.  
Section 6. This Ordinance is hereby declared to be an emergency Ordinance necessary for the immediate preservation of the public health, safety and general welfare, and shall become effective on the 1st day of September, 1961. The facts constituting its necessity are as follows:

Dogs are running at large in the County of Tulare which have not been licensed and have not been vaccinated against rabies. Dogs are causing serious losses to owners of livestock and poultry. The existing Ordinances concerning dogs are outmoded and are no longer adequate to meet the many serious problems created by dogs. Unless this Ordinance is made effective in the immediate future, dogs will kill, harass and maim additional livestock and poultry and will cause serious injury and losses to persons and property. However, because the County Clerk will not be able to establish the necessary forms and procedures for issuing dog licenses until the 1st day of September, 1961, and because the Tulare County Humane Society, which this Board intends to appoint as Poundmaster, will not be able to commence the enforcement of this Ordinance until said 1st day of September, this Ordinance shall become effective on said 1st day of September.

Section 7. This Ordinance shall become effective on the 1st day of September, 1961, and prior to the expiration of fifteen (15) days from the date of passage shall be published once in the Farm Tribune, a newspaper printed and published in the County of Tulare, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

THE FOREGOING ORDINANCE was passed and adopted by the Board of Supervisors of the County of Tulare, State of California, on the 22nd day of August, 1961, at a regular meeting of said Board, duly and regularly convened on said day, by the following vote:

AYES: CHARLES J. CUMMINGS  
DONALD M. HILLMAN  
CARL E. BOOTH  
J. MALCOLM CRAWFORD  
NOES: None  
ABSENT: JOHN R. LONGLEY

J. MALCOLM CRAWFORD  
Chairman, Board of Supervisors, County of Tulare

Attest: CLAUD H. GRANT,  
County Clerk and Ex-officio  
Clerk of the Board of Supervisors of the County of Tulare

By: JAY C. BAYLESS, Deputy  
au31

## NOTICE OF HEARING ON PETITION FOR INCLUSION OF ADDITIONAL LANDS IN THE TULE RIVER SOIL CONSERVATION DISTRICT

Resolution No. 8101

WHEREAS, on the 10th day of August, 1961, the petition of the Fifth Dickey Addition, the original being on file in the office of the secretary of this Board where it is available for inspection, was presented to the Directors of the Tule River Soil Conservation District for inclusion of the following described lands in said District:

Including portions of Sections 25 and 36, T19S, R29E; Sections 30 and 31, T19S, R30E; and Sections 1 and 12, T20S, R29E. Containing approximately 1,260 acres.

WHEREAS, the Tulare County Boundary Commission has reported favorably on said proposal for inclusion of lands; and

WHEREAS, the Board of Directors of this District have this date found said petition to be sufficient.

NOW, THEREFORE, notice is hereby given that a public hearing will be held on the petition, and all questions relevant thereto, on the 14th day of September, 1961, beginning at 7:30 p.m. at the Springville Ranger Station, Springville, California.

Any owner may appear in support of, or in opposition to the inclusion of such lands or any portion thereof, and any owner of lands in the described boundary may request in writing or appear and ask that his lands be excluded from the proposed addition to the District, and any owner of land outside of but in the general vicinity of the proposed addition to the District may request in writing or appear and ask that his lands be included. All such owners of land and all other interested parties are invited to attend and will be given opportunity to be heard at the time and place specified.

Dated August 10th, 1961, at Springville, California

MRS. LEONA URMY, Secretary  
of the Tule River Soil Conservation District.  
au31.s7

## We Only Heard

(Continued From Page 2)

ing you can walk away from is a good landing.

WE THOUGHT the owner of the plane, Joe Pfeifer, would be sort of shook up, but when he arrived and looked the situation over, he allowed as how he'd have the plane back in the air in no time, and it really did need a new paint job anyway.

SPEAKING OF Joe, we here-with offer an official Centennial thanks to him for his efforts in getting the Bob Fowler commemorative flight into Porterville. The original Fowler transcontinental trip in 1911 was a great event in aviation history; we feel it was an honor for Centennial Porterville to have participated in its commemoration, and Joe is the man who brought Porterville into the picture.

Last year 5,111 deer were reported killed on California highways.

## Time Out

(Continued From Page 4)

ening. At 2:00 p.m. that afternoon the bottom fell out and rain poured in gale-driven sheets and it was impossible for a truck driver to see the pig-trail roads.

PFC Sam Hoover, a tall red-head from Fresno, decided to use the heavy rain for a shower. He stripped down and began soaping the three day accumulation of sand. He never finished his shower and he never got his clothes on again until the next day at the tent camp. A sudden gush of water rolled down through the canyon and swept his clothes away and Sam escaped with his boots, underwear and soap. Later, countless canyons were awash with flash floods that hurled 5-ton trucks about like toys, and jeeps and water trailers were rolled away and covered by sand.

George Beeby, who puts goodies on the shelves at Safeway, was about to open his can of Beanie Weenies on Wednesday when a ridiculous little me-

chanical mule (a square platform on four wheels with a driver sitting on one corner) lurched into view. His platoon sergeant, Jim Dreco, waved an official U.S. Marine Corps message which read, "Dear George, Cathy had baby boy at 0130, 23 Aug. 61 a.m. weight 8 lbs 7 ozs. Cathy doing fine. Signed mother. Iron Duke." Iron Duke was the code name of our unit and it has been suggested that Beeby name the boy the same.

The remainder of the problem was cancelled because of damage caused by nature's heavy artillery. We spent the final two days of the summer camp trying to make ourselves believe what we had seen on that long Wednesday afternoon.

Pasture area grazed for one day, then allowed to go for 25-35 days before being grazed again supplied about twice as much feed as the same pasture area under continuous grazing, in University experiments.

(Continued From Page 1)

Bob Bennett, Vandalia club leader; Bobby Bennett, Dutch Schmid, also a club leader; Mike Bennett, and Greg Schmid.

Mike Lamb and Vic Childs, of Vandalia, also shipped their cattle, but went on ahead to attend a state 4-H conference at Davis; dairy cattle belong to Marilyn and Jim Lombardi, of the Burton club; they did not ride the box car.

## WESTERN BARBECUE

(Continued From Page 1)

Supervisor Ray Longley will act as master of ceremonies; ticket sales chairman is Hack Hutchinson.

Others working on various committees include: Frank Berberia, Roy Langston, Arley Cates, Bill Taber, Roscoe Honeycutt, Norma Hutchinson, Elsie Cates, Gene Tharp, Howard Tharp, Al Childers, Foster Brinkley, Roy Brinkley, Al Lindgren, Louis Zumwalt, Dave Davidson, J. B. Gibson, Francis Brinkley, Everett Snow, Claude Nelson, Dick Reed, John Monroe, Bob Fallert, and Bert Grimsley.

Rosso's in Woodville will provide napkins; the Woodville Cash store will provide rolls, butter and pickles.

Preparations are being made to serve 3,000 persons; tickets are on sale in Porterville, Woodville, Poplar, Tulare, Tipton and Pixley.

## SIXTH ANNUAL 4-H CLUB BREAKFAST

PORTERVILLE, Aug. 31 — The sixth annual 4-H Club breakfast will be held at Smith's market parking lot in Porterville, Saturday, October 7, between the hours of 6:00 a.m. and 10:00 a.m. In case of rain, it will be held October 14. Tickets will sell for 75 cents for adults and 50 cents for children under 12, and will be available September 2nd.

Chairmen for the event are Mr. and Mrs. Clarence Valine of Rockford, with co-chairmen Mr. and Mrs. Melvin Gifford of Westfield, and secretary, Eileen Traylor, Vandalia. Other chairmen are: Tickets, F. Rauber of Urbaneers, and Bob Dunbar of

Pleasant View; publicity, Mrs. John Guthrie, Ducor, and Mrs. A. Hochuli, Rockford; entertainment, Mr. and Mrs. Jack Smith of Ducor, and cleanup, Mr. and Mrs. Earl Reed. The 4-H members and Hi-4-H will be working with the co-chairmen.

All money received from selling tickets will be kept in each individual club. The food is donated by several firms.

A large trophy will go to the club selling the most tickets. If a club is a two-time winner, the trophy remains with the club permanently. A plaque will be awarded each year to the one-time winner.

A later meeting will be held Monday, September 25, for final plans of the breakfast, with leaders sending delegates with a list of helpers.

The menu will consist of scrambled eggs, sausage, hot cakes, coffee, orange juice, milk, butter, syrup and jam.

Clubs taking part are Burton, Ducor, Rockford, Terra Bella, Urbaneers, Vandalia, Westfield, Success Valley, Prairie Center, Pleasant View, Mt. Whitney, and Tule River Indian Reservation.

Alaska has 367 farms, with farm values on the increase.
